

Kindergarten

Hello Parents/Guardians,

As you may know we are currently in Phase 4, per our back to school plan. That means we will be teaching virtually on Fridays. The work that will be assigned is required. We will begin Friday morning with a Zoom meeting at 10:00 a.m. The link will be posted in your students Google Classroom. Most of the students know how to access the classroom, if they are unsure, it is the button at the bottom of their screen in the middle. In the classroom, there will also be a link to Canvas, our online program. We have been using it with the whole group in class with some individual practice. Please complete the assigned work as well as the paper packets. I will require that the packets of paperwork be sent back to school with their laptops or you can send me a picture of the completed work. They will also need to complete 20 minutes of reading on Reading A to Z.

Thank you for helping continue your student's education!

Ms. Heikkinen
